

A glass of water being poured from a green leaf. The background is a soft-focus image of a glass of water with a green leaf pouring water into it.

SAMPLE AND LEARN MORE ABOUT MOLECULAR HYDROGEN WATER!

FRIDAY, MARCH 14, 11AM - 2PM
SEBASTOPOL COMMUNITY MARKET

What research is showing:

- Hydrates on a cellular level
- Maintains minerals from the source water
- Highly bioavailable antioxidants
- Slows the oxidation rate in the body
- Supports the body's alkaline balance

Bonus for the environment:

Alkaline levels can be adjusted for cleaning use; reducing plastics and harsh chemical cleaning products.
