Our vision is for every family in Sonoma County to live healthy, productive lives & be safe in their own homes.

CELEBRATING SERVING THE COMMUNITY FOR 50 YEARS 1976-2026

ywca sonoma county

a brand new day...

Since 1976, YWCA Sonoma County has been our community's vital and singular provider of comprehensive services for families experiencing violence in the place we should all feel safest, inside our own homes.

Our 24/7 **DV Crisis Hotline** is the *ONLY* one in Sonoma County and we answer it from inside the walls of our *confidential* **Safe House shelter**; the *ONLY* one of its kind in Sonoma County.

We offer high quality and affordable **infant/toddler and preschool childcare** in nurturing and creative spaces in three programs serving Sonoma County. Our Therapeutic Preschool offers on-site counseling and social emotional learning groups for students.

Our **Counseling Support Services** offers short and long-term trauma-informed, client-centered mental health services countywide, and DV support groups in two languages.

— FY 25/26 OUTCOMES —

"Living in the Safe House felt like a warm blanket when I was always cold before."

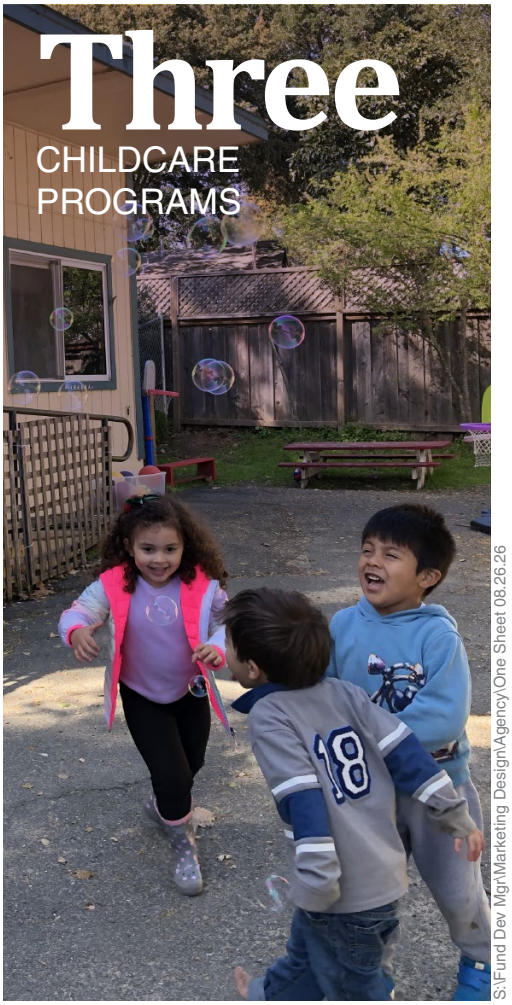

*— Carmen, mom of three**

**The names have been changed to ensure confidentiality.*

"Before I got to the Safe House, my baby was having a hard time breathing, sleeping, and eating. Now he sleeps, eats, smiles, and is progressing so much more."

*— Melissa, mom to Noah**

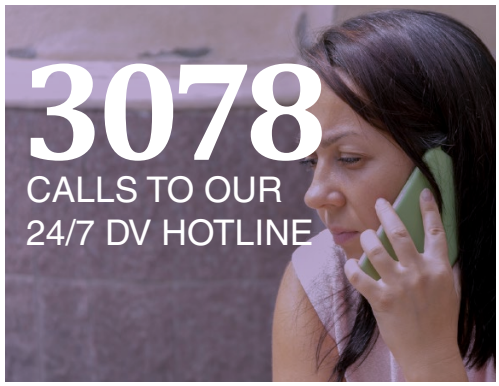

"My son has flourished here, he's opened up, is smiling, laughing and playing."

*— Yolanda, mom of Jake**

"Using baby steps, my therapist helped me see the light again, when it had been dark for so long."

*— Gabrielle, DV survivor**

"If it weren't for these programs, I don't know where I would be right now."

*— Wendy, Safe House resident**
